Project Selection

Three routes:

1. Write your own proposal
   - Think of a great idea....
   - Find a suitable supervisor (list of supervisors will be put on Moodle)
   - Agree the project proposal with the supervisor
   - Fill in a form and upload on Moodle (this is MMU...)
   - Get this done by Friday 01/03/19 (end of Week 20).

2. Select a pre-written proposal
   - Look at the proposals on the website (I'll email you with the URL)
   - Choose the one you are most happy with.
   - Supervisors have limits to how many students they can take...
   - Choice will open Monday 11/03/19 (Week 22)

3. Be allocated a supervisor
   - Do nothing.
   - We'll give you a supervisor, who'll give you a project.
   - No-one should be in this group!

General schedule

- Selection website should be available Monday 18/02/19 (Week 19)
- Selection should be finished by Friday 29/03/19 (Week 24)
  - Note that after Monday 18/03/19 (Week 23) undergraduates will be able to make choices.
- Allocations announced Monday 29/04/19 (Week 26 - start of Summer Term)
- Then see your supervisor, but wait until exams over before working hard.
